

ASYCUDA TELECOMMUNICATIONS TRAINING COURSE FOR THE ASYCUDA PROJECT TEAM OF THE AFGHAN CUSTOMS DEPARTMENT

(Geneva, 16 – 20 June 200)

The technical members of the ASYCUDA Project Team in the Afghan Customs Department (ACD) have participated in the first part (basic level) of the ASYCUDA Telecommunications Training Course.

The training was delivered in one of the UNCTAD training premises in Geneva.

The ACD participants have appreciated the content of the training course and its interactive approach. The UNCTAD trainer highly appreciated the high interest commitment of the trainees during the theoretical training, practical work and evaluation sessions.
