

**ASYCUDA TRAINING
OF THE LOCAL IMPLEMENTATION TEAMS (FOCAL POINTS)**
(February 2006)

The ASYCUDA Project Team of the Afghan Customs Department (ACD), supported by the UNCTAD/ASYCUDA in-country experts, has organised a full ASYCUDA training course for the local ASYCUDA Implementation Teams (focal points), in the ASYCUDA Training Classroom in the Kabul Customs House.

The training of the local Implementation Units was organised in preparation for the implementation of the ASYCUDA Transit System and, later, of the ASYCUDA DPS (Declaration Processing System).
