

IMPLEMENTATION OF ASYCUDA++ TRANSIT SYSTEM

LICENSING OF CUSTOMS BROKERS OPERATING ON THE 3RD TRANSIT AXIS

(01 February 2007)

The ASYCUDA++ Transit System will be implemented on the 3rd transit axis, i.e. Hiratan (border with Uzbekistan) – Mazar e Sharif – Kabul.

In parallel with the improvement of the Customs infrastructure and the delivery of the ICT hardware and software, the ASYCUDA Team is involved in the programme of certification of the trade operators in these regions as Customs Brokers.
