

ASYCUDAWorld TECHNOLOGY TRAINING COURSE

(March 2008)

Representatives of the Albanian Customs/IT Department have participated in the AW (ASYCUDAWorld) Technology training course, organised in the UNCTAD training premises in Geneva.

This training session was organised for both the Albanian Customs Administration (ACA) and the Palestinian Customs Authority (PCA), at the beginning of the ASYCUDAWorld projects in these two ASYCUDA-user countries.

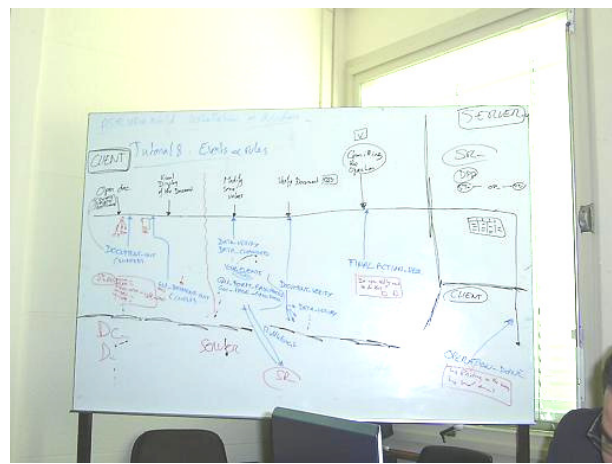

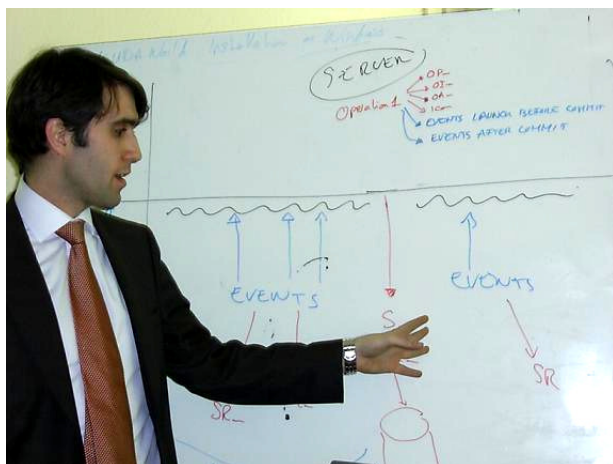

The joint training was highly appreciated by the participants and by the UNCTAD trainer.
