

ASYCUDAWorld FULLY OPERATIONAL IN ELBASAN CUSTOMS OFFICE, ALBANIA

(16 – 23 February 2009)

The Albanian Customs' ASYCUDAWorld (AW) system was launched in live operations in Elbasan Customs Office, on 23 February 2009.

The ACA AW system was implemented by the Albanian Customs Administration (ACA) Project Team supported by the UNCTAD/ASYCUDA Advisers.

The training of the end users, both Customs and trade, was carried out by the ACA Functional Team the week before.

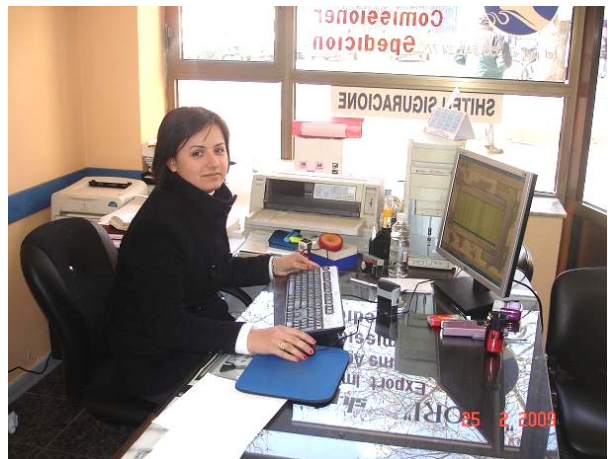

The average time required to re-train the ACA ASYCUDA++ users to use the new ACA AW system is two days.
