

UNCTAD FUNCTIONAL AND TECHNICAL MISSION ON THE IMPLEMENTATION OF THE ASYCUDA++ EU VERSION 1.19

(12– 14 December 2005, Riga / Latvia)

UNCTAD/ASYCUDA Programme has organised a technical assistance mission for the implementation of the new ASYCUDA++ EU Version (1.19) compatible with the European Commission Regulation (EC) No 2286/2003 (new SAD).

The mission gave the opportunity to assist the Customs Department on technical aspects of the version currently operational in Latvia, i.e. ASYCUDA++ Version 1.18.
